SASKATCHEWAN RETURNS

THE SCOTT GOVERNMENT HAS A GOOD MAJORITY

Liberals Now Have Fourteen Seats Solid And Two Yet in Doubt Are Confidently Expected to Go For The Government

Winnipeg, Dec. 15.—As the smoke of battle in Saskatchewan clears away the victory of the Liberal policy, as represented by the Scott Government is assured. Returns from a number of constituencies are yet incomplete and indefinite but enough is known to show a safe 16 seats to the Government, thus assuring a good working majority in a house of 25. It is not probable that when the first legislature divides Premier Scott will have a following of at least 18, as he places both Regina City and Moose Jaw City in the doubtful column until the courts have finally passed upon the contested ballots. One of the greatest surprises of the campaign was the large majority of 350 piled up by Brown in Souris. It can be accounted for only by the supposition that the ultra-Protestant vote which predominates there was stampeded at the last moment by the appeals made to it by the Opposition. Campaigners. Several of the Liberals have secured remarkably heavy majorities, notably Grant in Batache who has 582 taking his opponent's deposit as well as his scalp. Els has 358 in Rosthern and Premier Scott upwards of 250 in Lumsden. Gilmour, Independent, Liberal, in Prince Albert whose presence in the field complicated matters for Lamont, has been punished by losing his deposit also. Among the constituencies still in doubt are: Prince Albert district and

Kristina. In both of these the Opposition candidates, led by small majorities, Donaldson having five in the former, with 13 polls to hear from and Shadd having 21 with eight polls to come in. The final returns are expected to elect Liberals by substantial majorities.

Granting the Opposition Regina and Moose Jaw cities and leaving Prince Albert and Kristina doubtful, the Government now has fourteen seats and the Opposition nine.

A CENTRAL SITE

PURCHASED BY CAPITALISTS

Property now Occupied by Great West Implement Co. Changed Hands This Week

The fact that eastern capitalists look on Edmonton as the coming city of the west is asserted today by them in the purchase of the property formerly owned and now occupied by the Great West Implement Company, Limited. The purchasers of this property are very reticent regarding what is to be done with it, but parties who are in close touch with the developers state it is understood they will immediately make plans for the erection of a large hotel and office building, both of which will be of the most modern type, being largely constructed of cement, material which, having stood severe tests in recent fires in the large cities is now conceded to be an absolutely fire proof material, and it will not doubt be gratifying to the citizens of Edmonton to know that such a building is to be erected on this central and valuable property.

HOCKEY

There was a splendid hockey practice at the rink last evening. Teams were selected from the players and an hours hard practice put in. Several new players who have come to the city during the summer were out and made a good showing. The team this year promises to be faster than in any previous season. Practices are being held twice per week and the opening game on Christmas day should be a fitting introduction to a good season's sport.

YOUNG LIBERAL CLUB PROSPERING

The executive of the Young Liberal club met in the rooms last evening. The canvassing committee presented a very satisfactory report showing that leading Liberals of the city were deeply interested in the club and contributing freely to its funds.

An advisory board consisting of Geo. B. McLeod, Cecil Sutherland and J. A. McKinnon was appointed to manage the details in connection with the operation of the club.

The secretary-treasurer, J. A. McKinnon, asked for and was granted an assistant, Arthur Robertson being appointed.

The club proposes entertaining at an "at home" to be held in the rooms early in the year, at which all Liberals will be welcomed. A series of debates and musical evenings will also be held during the winter.

All Liberals are invited to join the club. Names may be given to members of the executive committee.

THE TARIFF COMMISSION

The visit of the tariff commission to Edmonton afforded an opportunity for bringing before the members of the Government most directly concerned the consensus of public opinion regarding the tariff. The opportunity was not lost and alike the business men of the city and the farmers of the district through the representatives of their respective organizations presented their views by word and memorial.

Between these views there was no divergence and with scarcely a dissenting voice the representations made to the commission opposed any increase in the tariff, while in several instances a demand was made either for the abolition of the duty on specified articles or a gradual reduction of the general tariff.

This attitude was determined by no political affiliation or tariff theory. In every instance the representations clearly recited the hard business considerations which led to the conclusions presented. It must be taken by the commission therefore that the strongly predominant public opinion of Edmonton and Central Alberta generally is that the protection now afforded to Canadian manufacturers is ample if not excessive, that on certain specified lines the existing duty should be lessened and on others the duty requested by the parties interested should not be granted.

One of the most serious matters brought to the attention of the commission was contained in a memorial presented by Mr. E. Richardson, of East Edmonton regarding the hardware trade. The charge was made that under the protection of the tariff the Canadian manufacturers forced the retailers to handle an inferior line of goods under penalty of being restricted in the supply of other lines. If this allegation be true it places the retailers of the Edmonton at the mercy of the Canadian store manufacturers and enables these gentlemen to not only fix the price of their own products but to prevent the importation of American goods in competition.

FAT STOCK SHOW FOR ALBERTA

Contributed

Brooders and feeders in Alberta will be pleased to hear that another fat stock show will be held under the joint auspices of the Alberta Department of Agriculture, and the Live Stock Association. The prize list has been revised somewhat and a full classification provided for fat animals of pure breeding, but in all other respects it is the same as that of last year. The prize money offered is quite large and should be an inducement to feeders to put up animals to exhibit. Prizes are offered for pure-bred Shorthorns, Herefords, Polled Angus, and Galloways of all ages, as well as a wide classification for all ages of grade steers, heifers, and cows. Liberal prizes are offered for both sheep and swine. The carcass competitions, which were very interesting last year, are being continued with large prizes for fat cattle, sheep and swine. The show will be held at Calgary at the time of the annual Ball Sale in May, and the prize list will be issued shortly. Full particulars can be had from C. W. Peterson, secretary Live Stock Association, Calgary, or the Department of Agriculture, Edmonton.

NEW TIME CARD

The C.N.R. have issued a new time card. On the Lacombe and Wetaskiwin branches a tri-weekly service will be given. Twenty-five miles of additional track will be taken over on each branch by the operating department from the department of construction. The new stations on the Lacombe branch are Nevis, Erskine and Steller, the exact mileage being 49.66. On the Wetaskiwin branch the new stations are Oxbow, Bawlf and Daysland, the mileage being 50.05. On the Wetaskiwin branch a train will leave Daysland on Monday, Wednesday and Friday in the morning connecting at Wetaskiwin with the Edmonton branch trains. On the same days a train will leave Lacombe in the afternoon on the arrival of the Edmonton branch trains for Steller. On Tuesdays, Thursdays and Saturdays, a train will leave Steller in the morning, connecting at Lacombe with the Edmonton branch trains and in the afternoon a train will leave Wetaskiwin on the same days for Daysland on arrival of the Edmonton branch trains.

CALGARY BONSPIEL

Calgary, Dec. 13.—A meeting of the Alberta branch of the Royal Canadian Curling Club was held in the new Grand Central Hotel last night, at which a considerable amount of business of importance was transacted.

There were present at the meeting L. H. Doll, representing the Banff club; W. Turner, Priddis; C. S. Pingle and A. E. Whiffin, Medicine Hat; Col. Walker, J. Irwin, H. McLeod, Chief Smart, M. S. McGarvey, M. P., and P. Turner-Bone, Calgary, and President H. McLeod, of the Alberta branch, presided, and J. E. Miquelon, the secretary-treasurer, acted as secretary.

The most important business of the season was the fixing of the date for the annual bonspiel to be held in this city for Wednesday, Feb. 7th. This date is a little later than usual, but the date was made at the request of the members of that city being unable to attend at an earlier date.

It was also decided to be competed for by clubs in the different districts within the jurisdiction of the Alberta branch.

The districts named are:

Cypress—Maple Creek and Medicine Hat.

Chinook—MacLeod and Lethbridge.

Calgary—Priddis and Calgary.

National Park—Banff and Bankhead.

Red Deer—Innisfail, Red Deer and Lacombe.

Edmonton—Wetaskiwin, Strathcona and Edmonton.

Golden—Golden.

A new trophy is being offered for this year's bonspiel, to be played for by the winning clubs from each of these districts. The official umpire for each of the districts are: Cypress, W. H. Macdonald, Medicine Hat; Chinook, W. C. Maclean, MacLeod; Calgary, P. Turner-Bone, Calgary; National Park, Dr. H. Brett, Banff; Golden, Y. G. Ulbeck, Golden; Red Deer, H. Trimble, Lacombe; Edmonton, J. McDonald, Edmonton.

Secretary Miquelon read an invitation from the parent club to attend the International bonspiel to be held at Randersteg, Switzerland. Entries for this bonspiel will be received by four members off any recognized branch of the Royal Canadian Curling Club. This bonspiel commences February 6, 1906.

It was also decided to contribute \$25 to the Curling Club memorial fund. The annual meeting of the Alberta branch will be held in this city on the evening of February 6, the night previous to the opening of the bonspiel.

There were present at the meeting L. H. Doll, representing the Banff club; W. Turner, Priddis; C. S. Pingle and A. E. Whiffin, Medicine Hat; Col. Walker, J. Irwin, H. McLeod, Chief Smart, M. S. SUNLIGHT SOAP

Wash oilcloths and linoleums with warm water and Sunlight Soap, rinse clean and wipe dry. The colors will be preserved and the surface unharmed.

Common soaps fade the colors and injure the surface. Sunlight Soap cleans, freshens and preserves oilcloths and linoleums.

Sunlight Soap washes clothes white without injury to the most delicate fabrics, or to the hands, for it contains nothing that can injure either clothes or hands.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Equally good with hard or soft water.

NEW FREIGHT TARIFF

Favors Edmonton-Jobbers of this City Control Territory to Battleford on the East and Red Deer on the South

One of the most important announcements that has been made in the history of Edmonton, so far as the transportation question is concerned, is the publication of the new tariff by the C.N.R. for freight from Winnipeg and its effect on distribution back along the line.

The new tariff gives Edmonton jobbers practical control of the entire territory as far east as Battleford for all freight originating either at Winnipeg or Vancouver, and although the rates from Montreal to Winnipeg, which are required in figuring the effect on freight originating in Montreal, are not obtainable at the C.P.R. offices here, there is no reason to doubt that the rule which governs in the case of freight originating in Winnipeg also prevails in the case of Winnipeg freight originating in Montreal and that the new tariff makes Edmonton the distributing centre for all eastern, as well as western, Pacific coast and Asiatic freight.

On the Calgary and Edmonton road as far back as Red Deer, the Edmonton jobbers will be able also to control the trade and the Calgary jobbers are now limited to that part of the province south of Red Deer.

Added to this the new tariff announced Wednesday by the C.N.R. by which through connections and through rates is offered Edmonton merchants for freight originating in St. Paul and Duluth places the jobbers of this city in practically the same position with regard to freight originating in the United States and coming via Winnipeg as with regard to freight originating in Winnipeg itself. That is to say, all freight from American points reaching Winnipeg over the Great Northern and Northern Pacific roads and destined for Edmonton will come under a tariff which practically guarantees that Edmonton jobbers can lay down these goods at points from Battleford west at a better rate than can the Winnipeg jobbers.

In order to illustrate how the new tariff works out to the benefit of Edmonton, the one case of fruit will do as a very striking instance. For all fruit originating in Vancouver the rate to Edmonton and the rate to Winnipeg is the same, i.e. \$1.00 a hundred pounds in car lots. This rate includes practically all classes of fruit which originate on the coast, including Okanagan fruits of which there is a large amount, and here every year. As California fruits for all points in Western Canada also come through Vancouver, these will also be effected by the new rates.

Both these classes of fruit reaching Edmonton on the same terms, the distributing rate on consignments of less than car lots is the deciding feature.

From Vancouver to Battleford, in less than car lots, the rate is 38 cents or \$1.52 to the jobber shipping from Vancouver by the C.P.R. and distributing from here to Battleford by the C.N.R. From Winnipeg to Battleford the rate for the same service is \$1.03, or \$2.03 from Vancouver to Winnipeg by the C.P.R. and back to Battleford by the C.N.R.

As will be easily seen this rate gives Edmonton 45 cents to the best of it on all Pacific coast fruit shipped to Battleford, and an ever increasing margin as Edmonton is approached from the east.

On other classes of goods the difference in favor of Edmonton is even greater, as the following table will show:

Winnipeg to Battleford, rate per 100 pounds, 1st class \$1.03, 2nd class \$1.25, 3rd class \$1.03, 4th class 75c, 5th class 70c.

Edmonton to Battleford, rate per 100 pounds, 1st class 80c, 2nd class 72c, 3rd class 50c, 4th class 45c, 5th class 35c.

The importance of this tariff to the Wholesalers of Edmonton could hardly be overestimated. By it Edmonton jobbers are given a field 254 miles away by 100 miles the other, in which there are at the present time approximately 50,000 people, but in which next year there will undoubtedly be double that and in years to come probably ten times as many. All these people are new settlers and new business people who are now making their trade connections upon which will eventually be built up a lucrative business, and it is a foregone conclusion that the city which first makes their acquaintance will be the one to get and hold the greater part of the business for all time to come. And not only is this the case, but it means that all the banking for this large territory will naturally centre here and that this town, assured as the commercial and financial capital of over half the province already, as it hopes to be permanently the legislative capital of the entire province.

WRECK ON MACLEOD BRANCH

Calgary, Dec. 13.—Train No. 14, leaving Calgary 12:45 Monday evening for Macleod, in charge of Conductor Thompson, and Engineer Houston, was wrecked at Leavitt at 22:05 by running into an extra 466, in charge of Conductor C. W. Lewis.

At the time of the accident the freight train was backing into the siding at Leavitts to get out of the way of the passenger train, but had hardly cleared the main line and it was run into by the latter.

The passenger engine was badly damaged by the accident, and five freight cars were thrown off the track. No passengers or employees were injured.

The track was cleared at 17 o'clock last evening. Yesterday's train from the south was considerably delayed by the wreck, arriving here at 1:15 this morning.

THE CONCERT

The second appearance of the Watkins Mills quartette at Melhough church last evening brought forth an audience which filled the church to the doors, an audience so appreciative that each number of the program was greeted with applause most hearty and enthusiastic. It is safe to say that these great singers have attained a higher place in the favor of Edmonton music lovers than has hitherto been attained by other visiting singers. It is hoped that this visit will not be the last of Mr. Mills and the party of musicians which accompany him on his present tour of the world. The party is composed of Miss Edith Kirkwood, soprano; Miss Gertrude Lonsdale, contralto; Mr. Harold Wilde, tenor, and Edouard Parlovitz, the clever accompanist. Miss Kirkwood has an exceedingly sweet soprano voice, and her solos were charming. Miss Lonsdale's full, rich contralto is most delightful. Harold Wilde, as a tenor, has few equals. Mr. Mills himself is one of the greatest basses England has produced. His solos last night were mostly in a humorous vein and his manner of rendition is unsurpassed. Together these four singers make a quartette whose singing is of excellent quality. At the piano, Edouard Parlovitz presided. He is without doubt one of the cleverest pianists who have visited Edmonton. His playing is a treat in itself. His technique is perfect, and while his accompaniments were excellent, his piano solos were received with continued applause and he was encored again and again.

Last evening's program opened with a duet. "It was a lover and his lass," by Miss Gertrude Lonsdale and Mr. Mills. Mr. Wilde sang "Come into the garden, Maude," and a piano solo, Moszkowski's "Valse," by Edouard Parlovitz, was encored. The French song "Vilanelle" was beautifully sung by Miss Kirkwood, who responded to an encore. Mr. Mills rendered Handel's recit and aria "O Rudder than the cherry," and was encored. Miss Lonsdale's solos were heartily applauded, and she responded to encores again and again. The quartettes sung were beautifully rendered. Liszt's "Rhapsodie No. 4," was another exhibition of Edouard Parlovitz's skill upon the piano.

The second part of the program consisted of a cycle of old English melodies, entitled "Flora's Holiday." First there was a quartette, "Come all ye Lads and Lassies," then a soprano solo, "Love's Greeting." The tenor solo, "Tell Me, Charming Creature," and the quartette, "The Country Dance," were loudly applauded. Mr. Mills' solo "Sound Argument," delighted everybody. The number which brought down the house was a catch "The Pedlar." It was most amusing and was very cleverly rendered. The quartette, "The Communion of Love," completed the cycle and the program.

THE BURNING OF HARBIN

The Daily Telegraph prints a despatch from Meiji, Japan, giving further details of the alleged sackings and burning of Harbin, Manchuria, by mutinous Russians of desperate fighting between the mutineers and loyal troops and of the massacre of many innocent Russian and Chinese residents. It says that Gen. Madrieff with cavalry, adopted extremely drastic and inhuman methods to suppress the mutiny, because he feared the consequences that might result from its spread. In order to compel the mutineers to quit their hiding places, the general sent men to set fire to the barracks and the public buildings. The blaze spread to all parts of the city, and the mutineers in trying to escape were slaughtered to the number of 300, by the cavalry. Later the loyal portion of the garrison was called out but in the confusion and disorder the troops fired on each other, it being impossible to distinguish the mutineers from the loyal soldiers. Then the mutineers dragged out several machine guns and poured a heavy fire into the cavalry. There was great loss of life.

HIGH RIVER SQUADRON
(The Times)

The appointment of new officers for the High River Squadron has been made and the selection is entirely satisfactory and meets with the approval of all concerned. For a squadron officered with such regular gentlemen as the following there will be no difficulty in securing a very superior class of recruits. The officers are: C. G. Ross, Major; Robt. Turner, Capt.; Senior Lieutenant, A. Thompson; Lieutenants, D. O. Brown, G. H. Noton, Gus. Lamoges; Sergt.-Major, A. H. Brown; Quartermaster, G. B. Hall; Sergeants, James McNeil and H. H. Marshall. About 40 young men have already declared their intention of joining, and upon the arrival of equipment drilling will commence. The first camp will be held in High River next summer. In the meantime the only drawback is a drill hall and the question arises who will construct a building suitable for a drill hall and gymnasium.

THE WRONG CHUTE

Lethbridge Herald: There is a funny story being told about a man delivering coal at the North Ward school house. He mistook the coal air box for the coal chute and proceeded to shove in coal. When it got packed he secured a 2 x 4 and jammed along the coal until he made room for about two tons of coal in the coal air pipe that leads to the furnace. The school authorities had a nice time getting matters straightened out.

PUBLIC SCHOOL BOARD

At the regular meeting of the public school board, held yesterday afternoon in Secretary Jellett's office there were present Messrs. A. Taylor, H. C. Taylor, K. A. McLeod and Dr. Ferris.

The chairman of the school supplies committee reported that he had given the contract for supplying coal to Miller & Co. The lowest tenders had not proved to the satisfaction of the committee their ability to carry out their contract. The report was adopted.

K. McLeod, chairman of the committee appointed to interview the architect as to the bill of extras on the account of R. J. Manson's contract, reported that the architect said he was unable to give the desired information at present, but would be able to report by the 19th of the month. The report was adopted, and the committee is still to act.

The action of the secretary in incurring the Norwood school was confirmed.

A communication was received from the Department of Education of Alberta, acknowledging the receipt of the offer of the board of the assembly room of McKay avenue school to the Government to be used as a normal school.

RAILWAY NOTES

A New York despatch says: William Mackenzie, president of the Canadian Northern railway, and B. E. Walker, general manager of the Bank of Commerce, were passengers on the turbine steamship Carmania which arrived here from Liverpool today. "Yes," said Mr. Mackenzie, in answer to questions, "I was quite successful in floating the common stock of the Canadian Northern. I disposed of £1,200,000 worth of common debenture bonds through the various English agents." Mr. Walker would only say that the finances of Canada were in a flourishing condition. He went to England, as was his yearly custom, to see how things were running at the English branch of the Bank of Commerce.

There is a rumor in railway circles in the east that the Canadian Pacific railway will shortly take over the Lake Erie and Marquette system. In this case the Canadian Pacific would acquire terminal facilities at St. Thomas and Walkerville. Port Road, on Lake Erie, would also be secured. The line is about 120 miles long and extends from St. Thomas to Walkerville. The principal shareholders are residents of the latter town, and it is stated that the Canadian Pacific will have to pay a high price for the line. The New York Central are also regarded as would-be purchasers. The rumor going on to state that the Cincinnati, Hamilton & Dayton portion will be acquired by the Pennsylvania Railway company.

"BOB" GOES AFTER DENNIS

Calgary Albertan: Robert C. Edwards, editor of the "Eye Opener" has given instructions to his solicitors to at once commence proceedings against J. S. Dennis, C. P. R. Land Commissioner, and R. B. Bennett for alleged libel contained in a communication in which Mr. Edwards is said to have unsuccessfully attempted to blackmail the C. P. R. and Mr. Bennett.

MR. GREER'S THREAT

(Vancouver World)
"What do you think of Mr. Greer's threat that the C. P. R. may make Revelstoke or some other interior point a wholesale centre and extend Calgary's rates further west, so taking all Vancouver's little trade with the interior away from her?"—a World representative asked a prominent wholesaler the other day.

"It has the real C. P. R. ring," he replied, "though Mr. Greer's attitude seems to be more pronounced than that of Mr. Bosworth, fourth vice-president of the C. P. R., whose despatch, as published in the World, was much more temperate in tone. The chief feature of it is its flat contradiction of what Mr. Greer said himself on Thursday last at the meeting of the shippers, when he declared that it would be very discourteous to interfere in the freight rates until the railway commission had been heard from. The C. P. R. has refused to reply to us until the commission is heard from, but according to Mr. Greer, it is quite likely to change the B. C. rates entirely to suit itself, without waiting for the commission at all. However, we have not by any means exhausted our resources and we may play a card that will trump any such fead by the company."

STRUCK OIL IN ALBERTA

Vancouver, Dec. 12. It is reported that the Western Oil and Coal company have struck another big well at Waterton Lake, Southern Alberta. On receipt of a wire Saturday Man-aging Director J. B. Ferguson left in haste for Alberta. It is said that the matter is being kept quiet to enable the company to make more claims in the vicinity. The discovery of a large body of coal and striking oil on the same property has caused a panic in the stock held largely in London.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too. Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other. L. Ealey, Nanawauy, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell.

LOCAL

The city council met tonight.

J. R. Brenton is installing new machinery in the mines of the City Coal Co.

A survey party of the Grand Trunk Pacific is expected to arrive in the city from Athabasca Landing tomorrow.

The C.P.R. will on the first of the new year put another train on the branch between Calgary and Macleod. This will give two trains per day on the south line.

Winnipeg, Dec. 15.—A verdict of \$2,500 was given against the Canadian Pacific in an action brought in the assizes by Mrs. Wallman, whose husband was killed on the track.

The record of the High River riots will be opened in Calgary before the Chief Justice Jan. 3. The appeals in the Calgary election will be heard by the Chief Justice next week.

The gentlemen of the Watkin Mills quintette were entertained at luncheon by local musicians at the Alberta Cafe last evening. A very enjoyable hour was spent in song and story.

Free Press: The colored expressman, William H. Cooper, who was brutally slashed by a razor in the hands of Henry Clay, a colored barber, died in the general hospital this afternoon. Clay will now face a charge of murder.

The curling season will open in earnest tonight. A schedule of games for the season has been drawn up by Secretary McLean, of the curling club, and the first of these games will be played tonight, provided the players are on hand.

The Christmas entertainment of the Baptist Sunday school announced for December 22, has been postponed till December 24th. The business of the new church will be ready for occupation then, and a good entertainment is anticipated.

Lindsay & Daly, owners of the mine of the Alberta Coal Co., through their solicitors, Short, Cross, Biggar & Evans, entered a motion in chambers this morning asking for the dissolution of an injunction served upon them by J. White. White leased the mine from them some time ago, and has been working it. Lindsay & Daly claimed that White was not fulfilling the covenants of the lease, and they entered the mine and took possession again. White had an injunction served against them, regained possession of the mine and went on working. The motion in chambers this morning was granted and the injunction dissolved. McDonald & McKinnon acted for White.

Work on the new grist mill of the Alberta Milling Co., north of the C. N. R. yards, is being pushed ahead, and the mill will be ready for business within a month. The building is now completed and the machinery has arrived, and is being placed in position. The mill is four stories high and when working will turn out about 250 barrels per day. The large new storage elevator which was completed some time ago, is receiving wheat daily, as high as 65c, per bushel being paid. The elevator has a capacity of about 80,000 bushels, and something like 25,000 bushels of wheat are now lying in the bins. There is also a smaller elevator at the north end of the mill which is not yet completed, and which has a capacity of about 45,000 bushels.
